

Port of Long Beach

The Port of Long Beach in California is one of the world's premier seaports, a primary gateway for trans-Pacific trade and a trailblazer in innovative goods movement, safety and environmental stewardship. The port is served by 175 shipping lines with connections to 217 seaports around the world. To remain at the cutting edge, the port is investing \$4 billion in capital improvements this decade, including improved rail facilities and the most technologically advanced container terminal in the world. The Port of Long Beach is leading the way to a new era of innovative and sustainable international trade.

TERMINAL CAPABILITIES OVERVIEW

SSA/PIER A

- Depth: 50 ft.
- Terminal Area: 159.3 acres
- Berth(s): 3,600 ft.
- Gantry Cranes: 10
- Cargo Handling Capabilities: Container
- On-Dock Rail: Yes

SSA/PIER C

- Depth: 42 ft.
- Terminal Area: 70 acres
- Berth(s): 1,804 ft.
- Gantry Cranes: Three
- Cargo Handling Capabilities: Container, Ro-Ro

LBCT/PIER E

- Depth: 55 ft.
- Terminal Area: 304.7 acres
- Berth(s): 4,250 ft.
- Gantry Cranes: 14
- Intermodal Yard Cranes: 6
- Track Capacity (on terminal): 216 stacks
- Support Yard (F tracks): 58 stacks
- Cargo Handling Capabilities: Container
- On-Dock Rail: Yes

ITS/PIER G

- Depth(s): 42 ft. - 55 ft.
- Terminal Area: 246 acres
- Berth(s): 6,379 ft.
- Gantry Cranes: 15
- Cargo Handling Capabilities: Container
- On-Dock Rail: Yes

PCT/PIER J

- Depth(s): 42 ft. - 52 ft.
- Terminal Area: 256 acres
- Berth(s): 5,902 ft.
- Gantry Cranes: 14
- Cargo Handling Capabilities: Container
- On-Dock Rail: Yes

TTI/PIER T

- Depth(s): 55 ft.
- Terminal Area: 385 acres
- Berth(s): 5,000 ft.
- Gantry Cranes: 16
- Cargo Handling Capabilities: Container
- On-Dock Rail: Yes
